culture are the least engaged in politics and least likely to use their social networks to involve themselves in action or discussion about public-type issues This does not mean 'celebrity culture' is 'bad', but it challenges suggestions of how popular culture might contribute to effective democracy
KEYWORDS

Culture and Globalization

Generally speaking, issues surrounding culture and globalization have received less attention than the debates, which have arisen over globalization and the environment or labor standards In part this is because cultural issues are more subtle and sensitive, and often more confusing "The homogenizing influences of globalization that are most
